**Plaintiff's Response to Rule to Show Cause Hearing and/or Status and Scheduling Conference for Cases in Which Plaintiff is Represented by Cascino Vaughan Law Offices**

Plaintiffs, by their attorney, Michael P. Cascino, provide this response to the rule to show cause hearing and/or status and scheduling conference brief concerning the Rule to Show Cause, for cases in which Plaintiffs are represented by the Cascino Vaughan Law Offices ("Cascino Vaughan"). Plaintiffs believe that the matters raised in the Court's order should be dealt with as a status and scheduling conference on August 17, 2010 as opposed to a rule to show cause proceeding. This response is divided into three sections. First is a status of cases to show the categories (dismissal or closed litigation) under the court's order. Second is a status statement of matters to be considered for cases going forward. Third is a section about the scheduling of matters on the cases going forward.

**STATUS OF CASES BY CATEGORY**

1. There are cases which will be dismissed without prejudice, with consent of the client and pursuant to F.R.C.P. 41(a)(2) voluntary dismissal. Plaintiffs Counsel advised their clients in writing that their cases would be dismissed. Letters were sent to clients advising them that their federal lawsuits would be dismissed. These letters were written at various stages of

MDL 875. For example, notice was given to clients when AO12 submissions were being done. In addition, notice was previously given to clients whose medical condition was either unilateral pleural thickening and/or O/I by a B reader and without restrictive lung disease. More recently, letters were sent to clients when Plaintiffs Counsel reviewed the files to determine which cases were not able to continue in the litigation because clients had passed away, did not have sufficient medical documentation, or were unable to provide product identification for the named defendants in their lawsuits. Also, there are clients who advised us that they are too old and frail to continue with their lawsuit. These cases are listed on Exhibit "A" attached to Plaintiffs' proposed order.

2. There are clients that Plaintiffs Counsel could not give notice because the clients could not be located. Plaintiffs Counsel has diligently attempted to reach these clients to advise them of the status of their case, but has been unable to do so. These clients are listed on Exhibit "B" attached to Plaintiffs' proposed order. It is Plaintiffs Counsel's position that these cases should also be dismissed without prejudice pursuant to FRCP 41(a)(2). These Plaintiffs should be treated no different than clients who were notified and gave consent to the voluntary dismissal of their cases. To do otherwise would be unjust and a violation of due process. Plaintiffs Counsel cannot agree to a dismissal of these cases for want of prosecution. Plaintiffs Counsel's efforts to reach these clients are set forth in the affidavit that is attached as Exhibit "I" to this brief. In the event any of the clients listed on Exhibit "B" to the proposed order are found within sixty days of this order, and wish to continue to prosecute their lawsuits, these clients should be able to reinstate their existing lawsuit without filing a new lawsuit by giving notice to the court and any defendants in their existing lawsuit.

3. Exhibit "C" attached to Plaintiffs' proposed order lists all the cases which Plaintiffs Counsel and their clients will continue to prosecute in MDL 875.

4. Exhibit "D" attached to Plaintiffs' proposed order lists all cases in which counsel has consulted with his client, and counsel and client disagree about the appropriate disposition of their lawsuits. These are cases that the clients wish to proceed and counsel does not advise to proceed.

5. Exhibit "E" attached to Plaintiffs' proposed order are cases which were referred to Cooney & Conway. These cases cannot be dismissed without notice to Cooney & Conway. Cooney & Conway are the lead attorneys on these cases.

6. Reconciliation of the various categories of the Cascino Vaughan cases pending in MDL 875 has been difficult for a number of reasons. There are errors that have occurred over the lifetime of MDL 875. Cases and defendants were improperly dismissed. For example, motions were made to dismiss individual defendants and the court clerk improperly dismissed the entire lawsuit when only the settling defendant should have been dismissed. There are cases in which Plaintiffs Counsel was not given notice of the dismissal. There are also cases in which the court clerk improperly dismissed a defendant because that defendant had changed its name. There are also cases which have not been given a Philadelphia case number. There are also cases which have not yet been transferred to MDL 875. There are also cases which were settled which an individual defendant has not paid the agreed settlement amount. For example, Owens Illinois has not paid cases it settled which may have been or are being dismissed pursuant to this order. These Owen-Illinois cases are listed on Exhibit "F" to the proposed order. There are cases in which Plaintiffs Counsel's records show a different client name than Philadelphia lists as

plaintiff on their docket. There are cases in which there have been misspellings by the court clerk. There are approximately 285 cases on the federal docket which Plaintiffs Counsel has not yet been able to review. These cases are listed on Exhibit "G" to the proposed order.

7. The affidavit of Michael P. Cascino certifying the above information is attached as Exhibit "2".

8. Plaintiffs' proposed order is attached hereto as Exhibit "3".

**STATUS OF MATTERS ON CASES GOING FORWARD**

9. The status of matters on cases going forward is as follows:

- Cascino Vaughan MDL 875 cases were assigned in 2009 to Judge Lowell Reed for mediation. To the extent any portion of the group of cases going forward has not been assigned to Judge Reed, Plaintiffs Counsel believe an order should be entered covering all cases in the group going forward to Judge Reed. Further, Plaintiffs Counsel believe, for expedience, any further inventory issue regarding Cascino Vaughan cases should be resolved by Judge Reed.
- Plaintiff and defense counsel have participated since June 2009 in mediation conferences in Philadelphia and via telephone under the supervision of Judge Reed. Cascino Vaughan believes the process should continue under his direction.
- Judge Reed created a liaison counsel group for the defendants in the Cascino Vaughan cases. Plaintiffs Counsel works through this group and individual defense counsel as needed.
- Mediation before Judge Reed has focused on identification of disputed legal issues by jurisdiction and medical criteria for compensability/dismissal of

nonmalignant cases. Plaintiffs' counsel has advocated these issues are different, i.e. although all medically documented cases are compensable, some of the cases can be dismissed based on criteria. A major issue of disagreement, which is being mediated, is compensation for cases which might be dismissed beyond the attached list submitted in this response to the Court's July 19, 2010 order.

- Another issue raised in the mediation is the discovery needs of the parties. Pursuant to the order of Judge Reed and agreement of the parties, a depository for documents in the possession of Plaintiffs Counsel was created at a copy service in Chicago. Cascino Vaughan sent the medical records, work history, other documents or data (essentially AO12 compliance materials) to the depository for the first group of about 190 cases assigned to Judge Reed. Additionally, over 100 boxes of documents from Cascino Vaughan relating to the products and contractors at job sites were made available through the depository to defense counsel for the first group. Plaintiffs Counsel is planning continuing deposits of discovery materials for all cases assigned to Judge Reed.
- At the suggestion of Judge Reed, plaintiff counsel served an "informal" discovery request by letter on counsel for the defense on December 28, 2010, for work site and product-related information. Defendants have not produced any materials in response to the request, but have asserted various objections. No actions have been taken to obtain compliance with the discovery request since the cases are in a mediation posture. Plaintiffs Counsel believe the discovery of information in the possession of defendants is a key item for the going forward cases.

- Judge Reed is actively directing the next steps in mediation proceedings subject to the July 19, 2010 order and the outcome of the hearing on August 17, 2010.

10. The July 19, 2010 order makes reference to the possibility of dismissal for want of prosecution. Dismissal of cases on such grounds is not appropriate pursuant to case law and Rule 41(b). The standard for granting involuntary dismissal for a failure to prosecute under Federal Rule of Civil Procedure 41(b) is "whether there is a 'clear record of delay or willful contempt and a finding that lesser sanctions would not suffice.'" *Goforth v. Owens*, 766 F.2d 1533, 1535 (11th Cir. 1985). The Third Circuit, which encompasses the Eastern District of Pennsylvania, has established that when evaluating a motion to dismiss for want of prosecution the Court must balance the following factors: "(1) the extent of the party's personal responsibility; (2) the prejudice to the adversary caused by the failure to meet scheduling orders and respond to discovery; (3) a history of dilatoriness; (4) whether the conduct of the party or the attorney was willful or in bad faith; (5) the effectiveness of sanctions other than dismissal, which entails an analysis of alternative sanctions; and (6) the meritoriousness of the claim or defense." *Emerson v. Thiel College*, 296 F.3d 184, 190 (3d Cir. 2002). Furthermore, "[m]ere lapse of time does not warrant dismissal when the plaintiff has been diligent throughout ... whether there has been a 'failure to prosecute' is to be determined upon a consideration of all pertinent circumstances." *Cherry v. Brown-Frazier-Whitney*, 548 F.2d 965, 969 (D.C. Cir. 1976). Since Cascino Vaughan has complied with the Court order to determine cases to be dismissed, dismissal should be made under Rule 41(a). In the processing of the Cascino Vaughan MDL 875 cases which remain on the docket, there is no history of failure by plaintiffs or Plaintiff's Counsel to comply with Court orders such as AO12.

Plaintiffs Counsel welcomes any further inquiries by the Court on status at the hearing on August 17, 2010.

SCHEDULING ON GOING FORWARD CASES

Plaintiffs Counsel believes the following matters need to be addressed on the going forward cases.

- The role of this Court and Judge Reed in directing/ordering the scheduling of matters needed for resolution of the going forward cases
- Consolidation of cases for discovery, trial preparation, and trial purposes under Rule 42
- The prospect of mini trials or trials of selected cases/issues in the context of mediation to determine case values and other issues
- The need for discovery pursuant to the parameters of Rule 26 and/or remanding cases to the transferor districts if mediation is not successful.

Cascino Vaughan believes Judge Reed should continue as Mediator for all Cascino Vaughan cases and be granted additional powers to undertake any of the actions above.

CONCLUSION

For the reasons set forth above, this Court should enter the appropriate dismissal orders for the cases identified for dismissal. Plaintiff's proposed order for the categories of the July 19, 2010 order is attached hereto as Exhibit "3". As to cases going forward, the Court should continue the assignment of the Cascino Vaughan cases to Judge Reed as Mediator and grant additional authority discussed above to the Mediator to take necessary steps to complete resolution of the cases.

Dated: August 13, 2010

Respectfully submitted,

Cascino Vaughan Law Offices Asbestos Cases

All CVLO Cases

**AFFIDAVIT OF ROBERT G. McCOY**

Robert G. McCoy, being duly sworn on oath, states as follows.

1. I am a licensed attorney in the state of Illinois and a senior associate with Cascino Vaughan Law Offices (CVLO) and began working for CVLO in September, 1993.
2. I am familiar with filings by CVLO of cases in MDL 875 and have gathered additional information about historical and current practices and procedures in handling such cases from employees of the firm.
3. This affidavit is made as a result of and in response to the order filed July 19, 2010, setting a Rule to Show Cause Hearing and/or Status and Scheduling Conference for Cases In Which Plaintiff is Represented by the Cascino Vaughan Law Offices.
4. CVLO began filing asbestos personal injury cases in federal courts in 1988 and continues to be counsel of record for clients in about forty-eight hundred MDL 875 cases.
5. Since the federal asbestos cases were first filed, CVLO has had in place procedures to identify contact persons for client communications on each case ("client contact persons").
6. Client contact persons are typically the victims, spouses, children, other relatives, and sometimes significant others.
7. Records of the client contact persons have been maintained and updated continuously by word processor or computer since CVLO began filing cases.
8. CVLO communicates with client contact persons for many reasons, including to

Page 2

- a. collect information about family members
  - b. maintain a record of addresses
  - c. collect information about the work history of the victim
  - d. collect medical records
  - e. obtain names of coworkers
  - f. obtain product identification
  - g. discuss recommendations for the handling of a case
  - h. appointment of personal representatives and special administrators
9. Information collected from client contact persons and other sources has been entered since about 1991 into computer databases and the hard copies stored in a file for each case.
10. After the original entry of a client's data in the system, the data is regularly updated and the documents filed when new material is received from the client contact person.
11. Since 1999, CVLO has had an employee dedicated to the entry of the information about the client contact person into the firm's electronic files. The firm currently employs over 20 persons who regularly devote all or a portion of time to updating existing and processing new information for federal asbestos cases.
12. Since approximately the mid-1990s, CVLO has made periodic review of certain MDL 875 cases to determine if the case should be continued based upon viable defendants, medical evidence, and work history. CVLO has filed approximately 4,950 asbestos lawsuits which have been or are scheduled to be transferred to MDL 875. Cascino Vaughan began a comprehensive review of the MDL 875 cases in 2002 which continued after Administrative Order 12 in 2007. Further review was done in 2009 when cases with multiple claimants were ordered to file new lawsuits and pay filing fees. As a result of these reviews, plaintiff's counsel has completed or put into motion dismissal or bankruptcy docketing for approximately 3,100 cases. At this time, Cascino Vaughan is actively pursuing approximately 1,850 cases.
13. Client contact persons were notified of the dismissal decision. Some case dismissals have been effected through court orders, but others remain to be completed.
14. As the result of Administrative Order No. 12 being issued in MDL 875 in May 2007, CVLO undertook to communicate with many client contact persons to update their files in compliance with AO12. The communications requested updates of medical and work history information. The status of whether victims

Page 3

or existing special administrators were alive was also determined through these communications.

15. Since CVLO experiences a response rate of under 50 percent on many client contact mailings. Multiple mailings and telephone follow-up are used to reach client contact persons.
16. CVLO has procedures in place to locate clients who cannot be contacted because they died, neglected to update their contact information, or other reasons. These procedures include, but are not limited to the employment of internet tools, such as those offered by the phone companies, or the local news media's publicly available obituary listings; the Social Security Death Index; state or local governmental records, such as marriage indexes and taxpayer records; and fee-based services such as Westlaw or Lexis/Nexus' Accurint Service. CVLO has procedures in place to contact, by phone or by mail, the local funeral homes, the clients' former neighbors or suspected relatives to aid us in the search.
17. Upon assignment of a group of approximately twenty-six hundred CVLO cases to Judge Lowell Reed for mediation, CVLO undertook further review and updating of most federal cases similar to the steps followed for AO12 compliance.
18. As a result of the AO12 compliance and Judge Reed mediation reviews, CVLO has determined to dismiss hundreds of additional cases and to continue other cases. The case to be dismissed are in Exhibit A in response to the July 19, 2010 order and the cases to be continued are listed in Exhibits C, E, F and G.
19. The notification of contact persons for the AO12 and Judge Reed dismissals has been underway following the same procedures as outlined above. In many instances, CVLO notifies the client contact person twice, giving two opportunities to satisfy any fatal flaw in the missing data or to disagree with CVLO's recommended dismissal.
20. Pursuant to the July 19, 2010 order, CVLO has used the information collected during the above history and procedures to categorize MDL 875 cases into seven groups.

**PROPOSED ORDER**

This matter coming to be heard on the Court's Rule to Show Cause Hearing and/or Status and Scheduling Conference for cases in which Plaintiffs are represented by Cascino Vaughan Law Offices, Ltd., it is hereby ordered as follows:

1. Exhibit "A" lists all cases which Plaintiffs will dismiss without prejudice and no client disagreement. Cases in Exhibit "A" will be dismissed pursuant to F.R.C.P. 41(a)(2), voluntary dismissal by Court Order.
2. Exhibit "B" lists all cases which Counsel has diligently attempted to reach the client to advise them of the status of their case, but has been unable to do so. These cases on Exhibit "B" will be dismissed pursuant to F.R.C.P. 41(a)(2) voluntary dismissal by Court Order. In the event any of these clients listed on Exhibit "B" are found within 60 days of this order, these clients shall be able to reinstate their existing lawsuits without filing a new lawsuit by giving notice to the Court and to any defendants in their existing lawsuits.
3. Exhibit "C" lists all cases which Plaintiffs and their counsel will continue to prosecute in MDL 875.

4. Exhibit "D" are cases in which counsel has consulted with his client and counsel and client disagree about the appropriate disposition of their lawsuits. These are cases that the clients wish to proceed and counsel does not advise to proceed.

5. Exhibit "E" are cases which were referred to Cooney & Conway. These cases cannot be dismissed without notice to Cooney & Conway. Cooney & Conway are the lead attorneys on these cases.

6. Exhibit "F" are the cases which Owens-Illinois settled and have not paid. These Owens Illinois cases should not be dismissed against Owens Illinois.

7. Exhibit "G" are the cases on the federal docket which Plaintiffs Counsel has not been able to review. Plaintiffs Counsel is given an additional 60 days to review.
